JOHN A. GOULD,
WILLIAM BACON,
SAMUEL ALLEN, JR., } Assessors of the
Town of Walpole.

Walpole, August 23d, 1852.

To the Citizens of Walpole.

The Committee chosen by the Town to procure the printing of the Valuation of Walpole, present the foregoing. We understood that the intention of the Town was, that the description of the property should be more minute than it has been customary to make it. For instance, that instead of stating simply that a certain individual is taxed for so many acres of woodland in gross, the list should particularize the number of acres of different lots of different values. And so of other species of property. This would enable all parties to identify each particular piece of property, and would subject the correctness of the valuation to general scrutiny. We addressed to the assessors a communication, stating that in our judgment such a course was desirable and was also contemplated by the Town, and requesting them to furnish us such a description. The assessors declined furnishing a valuation more minute than heretofore; and we did not feel justified in incurring the expense of a new valuation.

The present statement, however, furnishes the materials for a tolerably intelligent examination and comparison of the valuation of the different estates. If, as will undoubtedly be the case, a similar statement shall be again printed, we take the liberty to suggest that the description of the different estates should be more minute. The cost will be trifling, and it need be made only once in ten years. In the intermediate years a statement like the foregoing would be sufficiently minute.

We take the liberty also to suggest the propriety of including, in a similar document hereafter, a statement of the value of the property in Town not taxed, viz: the property belonging to the Town, to the School Districts, and to the Religious societies.

It would add very much to the value of such a document, for convenience of reference and of preservation, if the statement of the receipts and expenditures of the Town and the report of the School Committee formed a part of the same pamphlet.

Respectfully submitted,

F. W. BIRD,
DANIEL ALLEN, JR., } Committee.
PALMER MOREY,

WALPOLE, Sept. 6, 1852.
